

## GADSDEN HOUSE

*directions + parking details*

While The Gadsden House's historic front door (*bottom left photo*) is located at 329 East Bay Street, this entrance can be challenging for those driving due to the limited parking, as well as those taking Ubers, Lyfts, etc. due to the close proximity to the street.

**We always recommend entering 33 Alexander Street into your GPS, transportation app, etc. so you can easily access parking, as well enter the venue safely.**

Alexander Street is a one-way street accessible from Calhoun Street. As you turn onto this street, you will see a large parking garage on your right + a small brick church on your left. Take a left into the metered parking lot just past the brick church. As you enter this parking lot, you will see a restaurant called Saffron Cafe on your left. To the right of Saffron Cafe, is the main entrance to The Gadsden House (*bottom right photo*).

There are plenty of metered parking spaces that accept both cards + change, as well as a few private parking spaces reserved specifically for our venue.

**You will see a gate with greenery accessible by these private parking spaces (*bottom right photo*).**

**Enter here!**

Please call 843.737.4281 should you have any difficulty locating the venue.
